

Exciting New Deal For Members

Gilpin Travel is excited about working with the NZMEBC to make travelling to the Middle East, not only a pleasure but a cost effective exercise too.

Gilpin Travel was established in 1984 and has remained steadfast in our desire to provide a specialist corporate travel business. Today we employ 22 employees, have over 100 corporate clients and turn over in excess of \$20 million.

Our depth of experience and relationships with suppliers, allowed us to pull together this deal which means all members, regardless of their size, can take advantage of the reduced airfares. Normally one business would have to spend \$300k annually with a chosen airline to receive these prices. So let's tell you more.
